Just taking a mind break for a minute from drafting so looked at this.

They normally have given about \$10K for our operations annually. But there is obviously a large contribution from them for other purposes..how do you want to approach an ask for operations in light of that other contribution? Should I ignore that donation for purposes of their Greater Memphis Area Grants? Are they going to be looking at us with the side eye? Due May 1 and I can definitely work on after I return, the writing deadlines are done, and the board meeting is over. But just wanted to ask the question so we can talk about it later.
